

Dear Sir/Madam

According to § 5 para. 3 line 1 of the 6th COVID-19-SchuMaV ordinance (6. COVID-19-Schutzmaßnahmenverordnung), those wishing to use cable cars or lifts for recreational purposes must present **current 2G proof of compliance** (vaccinated, recovered or tested).

The cable car or lift operator must **check the 2G proof of compliance** and is **not permitted to allow entry** to winter sports enthusiasts who do not present such **proof**. Lift operators are under **no obligation to transport** said persons.

The legal justifications for the Austrian Ministry of Health make it clear that the **responsibility of cable car and lift operators** to carry out inspections must not be **unduly overtaxed**. Operators of cable cars and lifts can therefore take advantage of support from third parties (e.g. hotel operators, instructors, etc.) when issuing lift tickets and have these third parties perform the 2G proof of compliance check on their behalf. In such cases, however, it must be ensured that said third parties reliably perform the checks. To this end, a legally binding agreement can be made (see sample below):

## **Guarantee of 2G-rule compliance checks** (At the time of lift-ticket issuance)

performed by

Name and Surname \_\_\_\_\_

Position: \_\_\_\_\_

I \_\_\_\_\_ give my **legally binding confirmation** to \_\_\_\_\_ (name of cable car or lift company/operator) that I have been informed about the 6th COVID-19-SchuMaV ordinance (6. COVID-19-Schutzmaßnahmenverordnung) and the obligation of guests to provide **2G proof of compliance for cable cars and lifts**:

**§ 5 para 3 line 1 of the 6th COVID-19-SchuMaV ordinance**

(3) The following applies to the use of cable and lifts:

1. Persons who do not use the cable car or lift to cover professional purposes or necessary basic needs of daily life may only be admitted by the cable car or lift operator if they present 2G proof of compliance.

I hereby give my legally binding assurance that I will issue lift tickets enabling the use of the cable car or lift system of the above-mentioned operator **exclusively upon presentation of 2G proof of compliance** in accordance with § 2 para. 2 no. 2 of the 6th COVID-19-SchuMaV ordinance. In doing so, I will ensure that the period of **validity of the 2G proof of compliance**

covers at least the period during which the issued lift ticket allows access to the ski resort lifts.

If I am assisted in issuing lift tickets by **supporting personnel** (e.g. employees), I will ensure that they will also comply with the above guarantee and check the 2G proof of compliance in the manner just described.
